THE JOURNEY THROUGH THESE 5 YEARS

“JodhamalYC-The cradle of Youth shaping”

“JYC'19- the biggest MUN conference in J&K”

“Jodhamal Youth conclave has ever lasted its glory through the years. Founded in 2018, it continues to be one of the largest and the most prestigious youth conference of North India.”

Youth conclaves such as JYC, have adversely impacted the socio-political thinking of our youth. Immaculately, 2018 was the very beginning of this marvellous journey expanding through politics and chaos- it gave the delegates a sneak peak into the problems of the real world. In its foot steps followed JYC'19, which was just bigger and better. Lockdowns and Covid stopped economies and businesses but not the youth conclave. It has been a success with flying colors through 2020 and 2021. The youth conclaves have thus been a sensation in the MUN circuits. We continue to preserve it all long. We formally welcome you all the the 5th edition of the Jodhamal Youth Conclave.

On behalf of the management, I wish team JYC all the best and trust they would live up to the lofty standards set by their predecessor.

ETHOS OF JYC: “ By the students, Of the students & For the students”

It gives me immense pleasure to welcome you to the fifth edition of Jodhamal Youth Conclave, the JYC22. it would be our privilege to interact with young bright minds at our campus. I wish all the participants best of luck for the conference.

As you Young people come together, to make sense of the chaos and conflict around us and to simulate real world problems, I hope that you will use emotional intelligence more than IQ, that you will collaborate more than you will compete, that you will listen more than you will speak and that you will empathise more than castigate.

I wish you all a wonderful, engaging and exciting experience at JYC 2022.

“Until the lion learns to write, the story will always glorify the hunter.” I fervently believe that debates and conferences such as JYC help delegates to be the lions of their own story and establish their we Weltanschauung. Vantage of wisdom; Listen to understand and not to argue and fulfill the promise of establishing peace at the hearth of chaos.

See you at the fall!!

"Stories of the Internal Affairs from the desk USG Internal and External Affairs"

As As we await Navaj Anand to introduce crisis in his CCC, The directorate has already dealt with an abundance of internal "Crisis" themselves. There is news that the DSG, Mr Ayaan Malhotra and DG Mr, Lakshav Singh Sambyal are still having a brawl over their competency behind the overly gracious exchange of smiles they are probably seething from within to even the score and our charge de affairs, Mr. Akshat Dogra being the "cool dude" he is, remains indifferent to these recent developments . And and and, not reallyyy long ago, there was another rumour rife that the SEC GEN'S position is in grave danger!! While we still don't know the source of this news or who is going to snatch this most coveted post from Karmanya, our only advice to him to keep his guards up and eyes open (wink; wink)

The directorate has had a fair share of disasters to deal with. From being completely banned from using the conference room because someone allegedly breaking the AC (it is still alleged) to having being caught incalculable times by RESPECTED VP ma'am who had then put a stop on the very happening Directorate meetings.

While Mr. Navaj Kunal Anand had already decided his outfits for all the 3 days of the conference like a month back (He's actually getting his accessories customised 🌐), Ms. Suhani Sharma is still in dilemma about her ✨ OUTFITS ✨ though she is extremely confident about being the most well dressed person (just saying, hehe). From not able to meet background deadlines to website not being live 15 days prior to the deadline, JYC has seen every shade of emotion.

In the midst of the chaos, came the allotments drama. Our Editor-in-cheif's committee became the very Hub of delegate exchange. Ms. Vinisha Barala has all her delegates taken away by several committees. But it doesn't end there, when it fake time to give allotments to the best schools, Navaj Kunal Anand snatched delegates off of her too. But she handles all this tension, in the best way possible- and became the bigger and better person. Surely, this JYC had more scandals and controversy than any Koffee with Karan episode to ever exist. We still await anymore drama that's on our way."

I flipped those tarot cards, It has a sapphire, an owl and a mighty mountain. Believing through ace of their power- the crisis would embody the elements exquisitely. The journalist would never know what's coming their way- it would be a place where chaos always reigns. Would the delegates solve through or would those chairs would fail too? Would the chairperson be ever satisfied, or would he continue to test the delegates to their max?

It's peace in pieces. The proxy wars have done their magic, but those pieces can be attached back. That peace can be bought back. The countries will make pacts and shake hands, cause the divinity of ethos is preserved by peace.

My predictions stay still at the most perplexing face of the Indian parliament. Where those small talks embellish through the fireballs of debate. Where allies would be made, and opposition would control faith. When politicians would change parties faster than the flow of wind. All in the name of- The people's parliament of India

From mishaps and adversity, shalt the committee suffer. It has been cursed by battles. Yet, a leading force will guide us through. Behold us of the light of truth. Resolving would be the key to freedom, and freedom would be the door to morality.

Through the globe of future, my eyes see light, there is fire all around the room. A person well maybe, left all out to die. There is chaos in the committee and crying going round. This also states the change of power that might not be a compromise. And everything has to be published. **Everything.**

It's the meeting of politicians, it is the meeting of chaos. Voicing their opinion for the country, some for power and other for faith. In the midst of the chaos, shalt the meeting prosper it's way through successfully completing its **very mission**

The wishing stars align again. All above and beyond, where space and time wrap into nothingness. War is nature, not bounded by territories or even space. Yet, only coming together would solve those problems, tells me that **wise old man.**

Those golden fortunes teller wrote the letters to me. The countries to make laws, will benefit the most, the allies to form will perplex through. In the most righteous form, protect rights, protect citizens, protect integrity.
